Summery

As an enthusiastic and devoted newcomer to the world of web development, my goal is to use my technical talents in HTML, CSS, and JavaScript to contribute effectively to a dynamic team. I am excited to learn new technologies and frameworks and use my problem-solving skills to create unique and user-friendly web solutions.

Strength & Expertise

Technical skills: HTML | CSS | JavaScript | React JS | Node JS | Express JS | Tailwind CSS | Flow Bite | Bootstrap

Software Skills: Visual Studio Code | Sublime Text | Git Hub | Photoshop | Illustrator

Soft Skills: Teamwork | Collaboration | Analytical Thinking | Creative Thinking | Networking

Work History

- Web Design Development Hosting and Maintenance.
- Implemented bespoke HTML, CSS, and JavaScript solutions to enhance website functionality and interaction.
- Collaborated with team members to update and progress projects using agile development principles.

Work Experience

- u-Make Service Website
  I designed a slick and responsive website to showcase my projects and skills, including 3D models, 2D elements, textures, and HDR environments. Technologies include HTML, CSS, Bootstrap, and JavaScript.
- Nike E-Commerce Website
  Created an e-commerce user interface for product management and order processing using HTML, CSS, JavaScript, React JS, and Tailwind CSS.
- One-Shot Service Website
  Created a service-based website for mobile applications to showcase my innovative skills and initiatives. Participants showcase their inventiveness through their applications. Technologies used include HTML, CSS, Bootstrap, JavaScript, and Swiper JS.
- Portfolio
  Created and implemented a clean, contemporary portfolio website with HTML, CSS, JavaScript, Flowbite and Tailwind CSS. Used responsive design strategies to provide the best possible viewing experience on a range of devices, including mobile and desktop.
